

Endurance Rubber Floor Matting

Reglin Endurance rubber floor mat is a durable anti-slip rubber matting designed for equine and livestock.

FEATURES

Reglin Endurance rubber floor mat is made from a premium synthetic rubber compound and will display good physical properties including wear and impact resistance.

Endurance rubber mat is reinforced with a heavy nylon fabric which gives improved tear strength and dimensional stability.

Endurance floor mat features a turtle-back profile finish on its top surface to ensure it is non-slip in both wet and dry conditions. It also has a textured finish on the underside to allow for easy bonding to substrates.
